**PROXY STATEMENT  
FOR ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD MAY 25, 2017**

---

This proxy statement contains information related to the Annual Meeting of Stockholders (the “Annual Meeting”) of Retail Properties of America, Inc. (the “Company,” “we,” “our” or “us”), which will be held on May 25, 2017 at 8:00 a.m. Mountain Time at The Red Rock Casino Resort & Spa, 11011 W. Charleston Blvd., Las Vegas, Nevada 89135. Please contact our Investor Relations department at (800) 541-7661 or via email at IR@rpai.com if you plan to attend.

**QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING**

**Why did you send me this Proxy Statement?**

We sent you this proxy statement and the proxy card because our Board of Directors (the “Board”) is soliciting a proxy from you to vote your shares at the Annual Meeting. This proxy statement contains information we are required to provide to you and is designed to assist you in voting your shares. On or about April 7, 2017, we will begin mailing the proxy materials to all stockholders of record as of the close of business on March 17, 2017, the record date fixed by the Board for determining the holders of record of our Class A common stock, \$.001 par value per share, entitled to notice of and to vote at the Annual Meeting.

**Why did some stockholders receive a Notice of Internet Availability of Proxy Materials?**

Certain of our stockholders may receive a Notice of Internet Availability of Proxy Materials, or Notice, which was sent to stockholders on or about April 7, 2017, containing information on the availability of our proxy materials on the Internet. Stockholders who received the Notice by mail will not receive a printed copy of our proxy materials unless requested in the manner described in the Notice. The Notice explains how to access and review this proxy statement and our Annual Report to Stockholders, and how you may vote by proxy.

**Who is entitled to vote?**

If you were a stockholder of record as of the close of business on March 17, 2017, which is referred to as the record date, you are entitled to receive notice of the Annual Meeting and to vote the shares of Class A common stock that you held as of the close of business on the record date at the Annual Meeting. Each of the outstanding shares of Class A common stock, as of the record date, is entitled to one vote on all matters to be voted upon at the Annual Meeting. On the record date, there were 236,888,222 shares of Class A common stock issued and outstanding. We refer to our Class A common stock as our “common stock.”

**Who can attend the meeting?**

Only persons who are stockholders of record of shares of common stock of the Company at the close of business on the record date or their designated proxies or who are invited guests of the Company may attend and be admitted to the Annual Meeting. All stockholders attending the Annual Meeting will be required to show photo identification (a valid driver’s license, state identification or passport) prior to admission. If a stockholder’s shares are registered in the name of a broker, bank or other nominee, the stockholder must also bring a proxy or a letter from that broker, bank or other nominee or their most recent brokerage account statement that confirms that

the stockholder was a beneficial owner of our shares as of the record date. We reserve the right to determine the validity of any purported proof of beneficial ownership. Please contact our Investor Relations department at (800) 541-7661 or via email at IR@rpai.com if you plan to attend. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted to be used at the Annual Meeting.

### **How do I vote?**

If some or all of your shares are registered in your own name with our transfer agent, you are a “stockholder of record” or “record holder” with respect to such shares, and you can vote those shares either in person at the Annual Meeting or by proxy without attending the Annual Meeting by any of the following methods:

**By Internet.** Stockholders may authorize a proxy to vote via the Internet by using the website provided on their proxy card or Notice until 11:59 p.m. Eastern Time on May 24, 2017. The Internet proxy authorization procedures are designed to authenticate stockholders’ identities and to allow stockholders to authorize a proxy to vote their shares and confirm that their instructions have been properly recorded. **If you vote via the Internet, you do not need to return your proxy card.**

**By Telephone.** Stockholders may authorize a proxy to vote via touch-tone telephone by calling the toll-free telephone number provided on their proxy card or Notice until 11:59 p.m. Eastern Time on May 24, 2017. The touch-tone telephone proxy authorization procedures are designed to authenticate stockholders’ identities and to allow stockholders to authorize a proxy to vote their shares and confirm that their instructions have been properly recorded. **If you vote via telephone, you do not need to return your proxy card.**

**By Mail.** If you received printed materials and you choose not to authorize your proxy over the Internet or by touch-tone telephone, please complete the paper proxy card and return it to our transfer agent in the pre-addressed, postage-paid envelope provided with this proxy statement.

Please refer to the Notice or, if you received printed materials, the enclosed proxy card for voting instructions.

If you hold some or all of your shares in “street name,” you must either direct the bank, broker or other nominee as to how to vote your shares or obtain a proxy from the bank, broker or other nominee to vote at the Annual Meeting. Please refer to the voter instruction cards used by your bank, broker or other nominee for specific instructions on methods of voting, including using the Internet or by telephone.

Each executed and timely-returned proxy will be voted in accordance with the directions indicated on it. Except for “broker non-votes” described below, executed but unmarked proxies will be voted by the person(s) named thereon (i) for the election of the nominees named herein as directors (or a substitute for a nominee if such nominee is unable or refuses to serve); (ii) for the approval of an advisory resolution approving the Company’s executive compensation; (iii) for a frequency of every year as the frequency of future advisory votes on executive compensation; (iv) for the approval of the amendment to the Company’s bylaws proposed herein; (v) for the ratification of the selection of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for 2017; and (vi) in the discretion of such person(s) upon such matters not presently known or determined that may properly come before the Annual Meeting.

### **Can I revoke or change my proxy?**

Yes. If you are a stockholder of record, you may revoke or change your proxy at any time before the shares it represents are voted by (i) giving written notice of the revocation to our Secretary, (ii) delivering a later-dated proxy (which automatically revokes the earlier proxy), or (iii) voting in person at the Annual Meeting. For shares you hold beneficially in “street name,” you may change your vote by submitting new voting instructions

to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person. If you are a stockholder of record as of the record date attending the Annual Meeting, you may vote in person whether or not a proxy has been previously submitted, but your presence (without further action) at the Annual Meeting will not constitute revocation of a previously submitted proxy.

### **What constitutes a quorum?**

The presence, in person or by proxy, at the Annual Meeting of holders of a majority of our outstanding shares of common stock entitled to vote on the record date constitutes a quorum for the transaction of business at the Annual Meeting. If you have returned valid proxy instructions (in writing, by telephone or over the Internet) or attend the Annual Meeting and vote in person, your shares will be counted for purposes of determining whether there is a quorum. Abstentions and “broker non-votes” will each be counted as present for purposes of determining the presence of a quorum. A “broker non-vote” occurs when a nominee (such as a custodian or bank) holding shares for a beneficial owner returns a signed proxy but does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

### **What vote is required to approve each Proposal assuming a quorum is present?**

1. Election of Directors: The affirmative vote of a majority of the votes cast is required for the election of each of the nine directors to be elected at the Annual Meeting, which means that a director nominee will only be elected if the votes cast for such nominee’s election exceed the votes cast against such nominee’s election. There are no cumulative voting rights in the election of directors.
2. Approval of Executive Compensation on an Advisory Basis: The affirmative vote of a majority of the votes cast is required to approve the Company’s executive compensation on an advisory basis.
3. Approval of the Frequency of Future Advisory Votes on Executive Compensation on an Advisory Basis: The affirmative vote of a majority of the votes cast is required to approve the frequency of future advisory votes on the Company’s executive compensation. In the event that no option receives a majority of the votes cast, we will consider the option that receives the most votes to be the option selected by the stockholders.
4. Approval of Amendment to the Company’s Bylaws: The affirmative vote of a majority of the votes cast is required to approve the amendment to the Company’s bylaws.
5. Ratification of the Selection of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for 2017: The affirmative vote of a majority of the votes cast is required to ratify the selection of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for 2017.

Abstentions and “broker non-votes” will not be counted as votes cast. A “broker non-vote” occurs when a nominee (such as a custodian or bank) holding shares for a beneficial owner returns a signed proxy but does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

If you are a beneficial owner of shares held in “street name” and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on “routine” matters but cannot vote on “non-routine” matters.

**How do I learn the results of the vote?**

Voting results of the Annual Meeting will be disclosed on a Form 8-K filed with the Securities and Exchange Commission (“SEC”) within four business days after the Annual Meeting.

**What is the cost of proxy solicitation?**

We will bear all expenses incurred in connection with the solicitation of proxies. In an effort to have as large a representation at the Annual Meeting as possible, special solicitations of proxies may, in certain circumstances, be made by the Company’s officers, directors and employees by mail, personal contact, telephone, facsimile or other electronic means. They will not receive any additional compensation for those activities, but they may be reimbursed for their out-of-pocket expenses. We may also reimburse brokers, banks, nominees and other fiduciaries for postage and reasonable clerical expenses of forwarding the proxy material to their principals who are beneficial owners of shares of our common stock. In addition, we have engaged Morrow Sodali LLC, 470 West Avenue, Stamford, Connecticut 06902, to assist with the solicitation of proxies on our behalf for an estimated fee of \$7,500 plus expenses.

**Will stockholders be asked to vote on any other matters?**

As of the date of this proxy statement, the above-referenced proposals are the only matters we are aware of that are to be voted upon at the Annual Meeting. If any other matter should properly come before the Annual Meeting, the persons appointed by you in your proxy will vote on those matters in accordance with the recommendation of the Board, or, in the absence of such a recommendation, in accordance with their discretion. The affirmative vote of a majority of the votes cast on any such other matter will be required for approval.

**How can I manage the number of Proxy Statements and Annual Reports I receive?**

The rules of the SEC permit companies to provide a single copy of our proxy statement and annual report to households in which more than one stockholder resides. This process is known as householding. Stockholders who share an address and who have been previously notified that their broker, bank or other intermediary will be householding their proxy materials will receive only one copy of our proxy statement and annual report unless they have affirmatively objected to the householding notice.

Stockholders sharing an address who received only one set of these materials may request a separate copy which will be sent promptly at no cost by writing or calling our Investor Relations department at: Investor Relations, Retail Properties of America, Inc., 2021 Spring Road, Suite 200, Oak Brook, IL 60523 or by contacting us by telephone at (800) 541-7661. For future annual meetings, a stockholder may request separate proxy statements or annual reports, or the householding of such materials, by contacting us as noted above.

This proxy statement and our annual report to stockholders are available at [www.rpai.com/proxy](http://www.rpai.com/proxy).

**Where can I find more information about the Company?**

We file annual, quarterly and special reports, proxy statements and other information with the SEC. You may read and copy any reports, statements or other information we file with the SEC at their Public Reference Room located at 100 F Street, N.E., Washington, D.C. 20549. You may also obtain copies of these documents at prescribed rates by writing to the Public Reference Section of the SEC at 100 F Street, N.E., Washington, D.C. 20549. Please contact the SEC at (800) SEC-0330 for further information regarding their public reference facilities. Our SEC filings are also available to the public on the SEC’s website at [www.sec.gov](http://www.sec.gov).

## PROPOSAL 1 - ELECTION OF DIRECTORS

PROPOSAL NO. 1: ELECTION OF NINE INDIVIDUALS TO SERVE AS DIRECTORS TO HOLD OFFICE UNTIL THE NEXT ANNUAL MEETING OF STOCKHOLDERS AND UNTIL THEIR SUCCESSORS ARE ELECTED AND QUALIFY.

The Board currently consists of nine directors, each of whom has a term that expires at the Annual Meeting. Since our 2016 annual meeting of stockholders, the number of directors that constitute our Board increased from eight to nine as a result of the appointment of Robert G. Gifford as a director on October 24, 2016. Mr. Gifford, a director and nominee who has not previously stood for election, was initially identified as a potential candidate for election to the Board by one of our advisors, who was requested to assist in the identification of director candidates. Based on the recommendation of the Nominating and Corporate Governance Committee (the “NCG Committee”), our Board has nominated each of our current nine Board members to stand for re-election at the Annual Meeting.

Each nominee is currently serving as a director of the Company. We have no reason to believe that any of the nominees will be unable or unwilling to serve, if elected. However, should any nominee be unable or unwilling to accept the office of director, and if the Board shall designate a substitute nominee, the persons named as proxies will vote for the election of the substitute nominee designated by the Board, and if none, for such other persons as the Board shall determine. After an evaluation, the Board determined that all of the current directors of the Company satisfy the definition of “independent” under the New York Stock Exchange’s (“NYSE”) listing standards, except for Steven P. Grimes.

The election of members of the Board is conducted on an annual basis. The individuals elected to the Board serve a one-year term and until their successors are elected and qualify. Accordingly, the term of office of each of our current directors will expire at the Annual Meeting. Information regarding the business experience of each nominee is provided below based upon information furnished to us by the individuals named.

### **Vote Required**

The affirmative vote of a majority of the votes cast is required for the election of each of the nine directors to be elected at the Annual Meeting, which means that a director nominee will only be elected if the votes cast for such nominee’s election exceed the votes cast against such nominee’s election. There are no cumulative voting rights in the election of directors. Broker non-votes, if any, and abstentions will not be treated as votes cast.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF EACH OF ITS NOMINEES.

## **CORPORATE GOVERNANCE AND BOARD MATTERS**

### **Corporate Governance Profile**

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. Notable features of our corporate governance structure include the following:

- the Board is not staggered, with each of our directors subject to re-election annually;
- of the nine persons who currently serve on the Board, eight have been affirmatively determined by the Board to be independent for purposes of the NYSE’s listing standards;
- we have a majority voting standard for uncontested director elections;
- three members of our Audit Committee qualify as “audit committee financial experts” as defined by SEC rules;
- we have an independent Chairman of the Board;
- we have opted out of the Maryland business combination and control share acquisition statutes and we may not opt in without stockholder approval;
- as outlined in Proposal 4, we are seeking stockholder approval to permit stockholders to approve future bylaw amendments;
- we do not have a stockholder rights plan, and in the future, we will not adopt a stockholder rights plan unless our stockholders approve in advance the adoption of a plan or, if adopted by the Board, we will submit the stockholder rights plan to our stockholders for a ratification vote within twelve (12) months of the adoption or the plan will terminate;
- we have a robust anti-hedging and anti-pledging policy that prohibits such action by members of the Board or our Named Executive Officers (as defined herein) unless the Audit Committee approves of such action;

- we have stock ownership guidelines for members of the Board and our Chief Executive Officer and certain other executive officers; and
- we intend to conduct an annual stockholders' advisory vote on executive compensation in accordance with the stockholders' advisory vote on the frequency of executive compensation.

*Board of Directors.* The Board is currently comprised of nine members. The current members of the Board are Mr. Gerald M. Gorski, Ms. Bonnie S. Biumi, Mr. Frank A. Catalano, Jr., Mr. Paul R. Gauvreau, Mr. Robert G. Gifford, Mr. Steven P. Grimes, Mr. Richard P. Imperiale, Mr. Peter L. Lynch and Mr. Thomas J. Sargeant.

*Board Leadership Structure.* Since its inception, the Company has had separate individuals serving in the positions of Chief Executive Officer and Chairman of the Board. The Board believes this structure best serves the Company by allowing our Chief Executive Officer to focus his efforts on setting the strategic direction and providing day-to-day leadership of the Company while the Chairman of the Board focuses on presiding at meetings of the Board and overall planning and relations with the directors. The Board believes that the needs of a company with the large portfolio of properties and the wide spectrum of issues that we face are best met by allowing these two different functions to be handled by two separate individuals.

*Executive Sessions.* The independent directors meet in executive session without management present at least once per year at regularly scheduled meetings and at such other times as they deem appropriate. The Chairman of the Board acts as the presiding director for these executive sessions of independent directors provided that if the Chairman of the Board is not an independent director or is not present, the Chair of the NCG Committee shall act as the presiding director and if such chair is not present, the directors present at the executive session shall determine the director to preside at such executive session by majority vote.

*Board Role in Risk Management.* The Board plays an important role in the risk oversight of the Company, primarily through direct decision-making authority with respect to significant matters and the oversight of management by the Board and its committees.

In particular, the Board administers its risk oversight function through (1) the review and discussion of regular periodic reports to the Board and its committees on topics relating to the risks that we face, including, among others, market conditions, tenant concentrations and credit worthiness, leasing activity and lease expirations, compliance with debt covenants, management of debt maturities, access to debt and equity capital markets, existing and potential legal claims against us and various other matters relating to our business, (2) the required approval by the Board (or a committee thereof) of significant transactions and other decisions, including, among others, significant acquisitions and dispositions of properties, certain new borrowings and the appointment of our executive officers, (3) the direct oversight of specific areas of our business by the Executive Compensation, Audit and NCG committees, and (4) regular periodic reports from our auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to our qualification as a REIT and our internal controls over financial reporting. The Board also relies on management to bring significant matters affecting the Company to its attention.

Pursuant to its charter, the Audit Committee is specifically responsible for discussing with management the guidelines and policies that govern the process by which the Company's exposure to risk is assessed and managed. As part of this discussion, the Audit Committee may discuss or consider major financial risk exposures and the steps management has taken to monitor and control such exposures. The results of the risk assessment are discussed with management and are reviewed quarterly by the Audit Committee. In addition, our Non-Retaliation Policy enables anonymous and confidential submission by employees of complaints or concerns regarding violations of applicable laws, regulations, or business ethical standards or questionable accounting, internal control or auditing matters. These complaints or concerns may be submitted directly to the compliance officer who is responsible for administering the program, or if they involve the Company's accounting, auditing or internal controls and disclosure practices, directly to the Audit Committee.

Given its role in the risk oversight of the Company, the Board believes that any leadership structure that it adopts must allow it to effectively oversee the management of the risks relating to our operations. Although there are different leadership structures that could allow the Board to effectively oversee the management of such risks, and while the Board believes its current leadership structure enables it to effectively manage such risks, it was not the primary reason the Board selected its current leadership structure over other potential alternatives.

See the discussion under the heading “— *Board Leadership Structure*” above for a discussion of why the Board has determined that its current leadership structure is appropriate.

### **Board Meetings in 2016**

The Board met ten times during 2016. Each incumbent director who was a director during 2016 attended more than 75% of the aggregate of (1) the total number of meetings of the Board (held during the period for which he or she has been a director) and (2) the total number of meetings of all committees of the Board on which the director served (during the period he or she served). We do not have a policy with regard to Board members’ attendance at annual stockholder meetings; however, each director who was a director at such time attended the 2016 annual meeting of stockholders of the Company.

### **Committees of the Board**

The Board has established three standing committees: the Audit Committee, the Executive Compensation Committee (the “ECC”) and the NCG Committee. The composition of each of the Audit Committee, the ECC and the NCG Committee complies with the listing requirements and other rules and regulations of the NYSE, as amended or modified from time to time. In 2016, the Audit Committee held four (4) meetings, the ECC held eight (8) meetings and the NCG Committee held four (4) meetings. All members of the committees described below are independent as such term is defined in the NYSE’s listing standards and as affirmatively determined by the Board.

#### *Audit Committee*

The Board has established an Audit Committee currently comprised of Ms. Biumi and Messrs. Gauvreau, Gifford, Imperiale and Sargeant (chair). The Board has determined that Ms. Biumi and Messrs. Gauvreau and Sargeant each qualify as an “audit committee financial expert” under the applicable SEC rules. The Audit Committee operates under a written charter approved by the Board. A copy of the charter is publicly available on our website at [www.rpai.com](http://www.rpai.com) under “Corporate Governance” in the Invest section.

The Audit Committee is responsible for the engagement of our independent registered public accounting firm, reviewing the plans and results of the audit engagement with our independent registered public accounting firm, approving services performed by, and the independence of, our independent registered public accounting firm, considering the range of audit and non-audit fees, and consulting with our independent registered public accounting firm regarding the adequacy of our internal controls over financial reporting.

*Audit Committee Report.* The members of the Audit Committee submit this report in connection with the committee's review of the financial reports for the fiscal year ended December 31, 2016 as follows:

1. The Audit Committee has reviewed and discussed with management the audited financial statements for Retail Properties of America, Inc. for the fiscal year ended December 31, 2016.
2. The Audit Committee has discussed with representatives of Deloitte & Touche LLP the matters required to be discussed under applicable Public Company Accounting Oversight Board ("PCAOB") standards.
3. The Audit Committee has received the written disclosures and the letter from the independent accountant required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016 for filing with the SEC.

*Executive Compensation Committee*

The Board has established an Executive Compensation Committee, or the ECC, currently comprised of Ms. Biumi (chair) and Messrs. Catalano, Gorski, Imperiale, Lynch and Sargeant. The ECC operates under a written charter approved by the Board. A copy of the charter is publicly available on our website at [www.rpai.com](http://www.rpai.com) under "Corporate Governance" in the Invest section.

The ECC provides assistance to the Board in discharging its responsibilities related to the compensation of our directors, executive officers and other employees, and develops and implements our compensation policies. The ECC's responsibilities include, among others, (i) reviewing and approving corporate goals and objectives related to the compensation of the Chief Executive Officer, evaluating the performance of the Chief Executive Officer in light of these goals and objectives, and determining and approving the compensation of the Chief Executive Officer based on such evaluation, and (ii) determining and approving the compensation of all executive officers other than the Chief Executive Officer.

*Executive Compensation Committee Interlocks and Insider Participation.* None of the members of the ECC has any relationship with us requiring disclosure under Item 404 of Regulation S-K. No member of the ECC is a current or former officer or employee of ours or any of our subsidiaries. None of our executive officers serve as a member of the board of directors or compensation committee of any company that has one or more of its executive officers serving as a member of our Board or the ECC.

### *Nominating and Corporate Governance Committee*

The Board has established an NCG Committee currently comprised of Messrs. Catalano, Gauvreau, Gifford, Gorski and Lynch (chair). The NCG Committee operates under a written charter approved by the Board. A copy of the charter is publicly available on our website at [www.rpai.com](http://www.rpai.com) under “Corporate Governance” in the Invest section. The NCG Committee will consider for recommendation to the Board nominations made by stockholders that comply with the procedures described below under the caption “Stockholder Proposals for the 2018 Annual Meeting,” including, without limitation, providing notice setting forth all information required by the rules of the SEC or Section 12 of our bylaws, as the case may be. We did not receive any stockholder recommendations for director candidates for election at the Annual Meeting.

The NCG Committee identifies possible director nominees (whether through a recommendation from a stockholder or otherwise) and makes an initial determination as to whether to conduct a full evaluation of the candidate(s). This initial determination is based on the information provided to the NCG Committee when the candidate is recommended, the NCG Committee’s own knowledge of the prospective candidate and information, if any, obtained by the NCG Committee’s inquiries. The preliminary determination is based primarily on the need for additional Board members to fill vacancies, expand the size of the Board or obtain representation in market areas or expertise without Board representation and the likelihood that the candidate can satisfy the evaluation factors described below. If the members of the NCG Committee determine that additional consideration is warranted, the NCG Committee may gather additional information about the candidate’s background and experience. The members of the NCG Committee take into account many factors, including the nominee’s ability to make independent analytical inquiries, general understanding of finance, accounting, marketing and other elements relevant to the success of a public company in today’s business environment, understanding of the Company’s business on a technical level, and other community service, business, educational and professional experiences. Each director must also possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility. In determining whether to recommend a director for re-election, the NCG Committee also considers the director’s past attendance at meetings and participation in and contributions to the activities of the Board.

The members of the NCG Committee may consider all facts and circumstances that it deems appropriate or advisable, including, among others, the skills of the prospective director candidate, his or her depth and breadth of business experience or other background characteristics, his or her independence and the needs of the Board. In connection with this evaluation, the members of the NCG Committee determine whether to interview the candidate, and if they decide that an interview is warranted, one or more of those members and others as appropriate interview the candidate in person or by telephone. After completing this evaluation and interview, the full Board would nominate such candidates for election. Other than circumstances in which we may be legally required by contract or otherwise to provide third parties with the ability to nominate directors, the NCG Committee will evaluate all proposed director candidates that it considers or who have been properly recommended to it by a stockholder based on the same criteria and in substantially the same manner, with no regard to the source of the initial recommendation of the proposed director candidate.

### **Guidelines on Corporate Governance and Code of Business Conduct and Ethics**

The Board, upon the recommendation of the NCG Committee, has adopted guidelines on corporate governance establishing a common set of expectations to assist the Board in performing its responsibilities. Our corporate governance policies and guidelines address a number of topics, including, among other things, (i) director qualification standards and responsibilities, (ii) majority voting, (iii) the responsibilities and composition of the Board committees, (iv) director access to management and independent advisors, (v) director compensation, (vi) director and management stock ownership guidelines, (vii) director orientation and continuing education, (viii) management succession, (ix) evaluations of the performance of the Board and committees, (x) related person transaction approval and (xi) disclosure policies. Our guidelines on corporate governance meet the requirements of the NYSE’s listing standards and are publicly available on our website at [www.rpai.com](http://www.rpai.com) under “Corporate Governance” in the Invest section.

The Board has also adopted a code of business conduct and ethics, which includes a conflicts of interest policy that applies to all the directors and executive officers. The code of business conduct and ethics meets the requirements of a “code of ethics” as defined by the rules and regulations of the SEC and is publicly available on our website at [www.rpai.com](http://www.rpai.com) under “Corporate Governance” in the Invest section. We intend to disclose on this website any amendment to, or waiver of, any provision of the code of business conduct and ethics applicable to our directors and executive officers that would otherwise be required to be disclosed under the rules of the SEC or the NYSE. A printed copy of our guidelines on corporate governance and the code of business conduct and ethics may also be obtained by any stockholder upon request.

### **Director Compensation**

Directors who are employees of the Company do not receive compensation for their service as directors.

In 2016, our non-employee director compensation program was as follows:

- an annual restricted stock award having a value of \$115,000;
- an additional annual restricted stock award having a value of \$50,000 for service as Chairman of the Board;

The annual restricted stock awards are granted on the fifth business day after each annual meeting of stockholders and are subject to vesting on the earlier of the date of the next annual meeting of stockholders or the first anniversary of the grant date.

On June 3, 2016, each non-employee director elected at the 2016 annual meeting of stockholders received a restricted stock award of 7,056 shares, valued at a price of \$16.30 per share, which was the closing price per share of our common stock on the NYSE on June 3, 2016. These equity awards are all subject to vesting on the earlier of the date of the Annual Meeting or the first anniversary of the grant date.

On October 31, 2016, in connection with Mr. Gifford's appointment as a director, and consistent with our existing director compensation program, Mr. Gifford received a restricted stock award of 4,925 shares, valued at a price of \$15.57 per share, which was the closing price per share of our common stock on the NYSE on October 31, 2016 (which equals a prorated portion of the \$115,000 annual grant made to independent directors). This equity award is subject to vesting on the earlier of the date of the Annual Meeting or October 31, 2017.

## **EXECUTIVE COMPENSATION**

### **Compensation Discussion and Analysis**

The following discussion and analysis is set forth with respect to the compensation and benefits for our fiscal year ended December 31, 2016 for our Chief Executive Officer, Chief Financial Officer and the other executive officers included in the "*Summary Compensation Table*" below. In this "*— Compensation Discussion and Analysis*," we refer to Messrs. Grimes, Fear and Garrison and Meses. Maggio and Swinehart, collectively, as our Named Executive Officers. The discussion and analysis also covers compensation and benefits for 2016 for Mr. Holland who retired during 2016. See "*— Compensation Discussion and Analysis — Retirement of Mr. Holland*" for more information regarding Mr. Holland's retirement. For all other sections included under "*Executive Compensation*," Mr. Holland is also included in the term "Named Executive Officers."

### ***Executive Summary***

In 2016, our executive management team continued to focus their efforts on certain strategic objectives, including, among others, recycling capital and repositioning our portfolio so as to increase our concentration in certain target markets to enhance the strength of our portfolio and the quality of our long-term cash flow stream, improve our credit metrics and enhance our financial flexibility all of which allow us to capitalize on internal and external growth opportunities. Our executive compensation program and decisions for 2016 are designed to reward company and individual performances and achievements commensurate with our business results and the

execution of our strategic objectives, which we believe advance our strategy to become a dominant shopping center owner in 10-15 target markets. We also believe that our executive compensation program and decisions for 2016 further encourage the alignment of management's and stockholders' interests and help us continue to attract, retain and motivate the key employees responsible for driving our long-term value creation.

The principles underlying our compensation policies and practices and the results of our compensation decisions for 2016 for our Named Executive Officers are included in “— *2016 Compensation Program Design*” below.

### ***2016 Executive Compensation Profile***

*Performance-Based Incentive Compensation — Over 75% of Total Potential CEO Compensation.* In 2016, target incentive compensation represented greater than 75% of the total potential compensation of our Chief Executive Officer, Mr. Grimes, and greater than 60% of the total potential compensation of each of our other Named Executive Officers' (other than Ms. Swinehart). We believe our pay-for-performance compensation structure incentivizes our Named Executive Officers to maximize the Company's performance and aligns our Named Executive Officers with our stockholders.

*Annual Cash Incentive Compensation — Formulaic Pay-For-Performance Plan Design.* For 2016, each of our Named Executive Officers was eligible to earn cash incentive compensation if and to the extent that pre-established company and individual goals were achieved. In particular, the Company goals used to determine the corporate component of cash incentive compensation for 2016 were based on (i) growth in our same store EBITDA, (ii) our Operating FFO per share, and (iii) our Net Debt to Adjusted EBITDA ratio, which we believe are each key financial metrics that accurately reflect our progress and ongoing performance and measure the health of our balance sheet. Annual cash incentive compensation based on these Company goals represents 75% of the target value of our Chief Executive Officer's cash incentive compensation and 60% of the target value for each of our other Named Executive Officers, with the remainder of the target value of cash incentive compensation based on the achievement of individual goals.

*Long-Term Equity Incentive Compensation — 75% Based on Relative Total Stockholder Return Over Three-Year Performance Period.* For 2016, each of our Named Executive Officers, other than Ms. Swinehart, was granted performance-based restricted stock units, which represented 75% of their long-term equity incentive compensation. The performance-based restricted stock units may be earned by our Named Executive Officers based on our relative total stockholder return compared to that of the peer companies in the NAREIT Shopping Center Index over a three-year performance period, which we believe further aligns the interests of our Named Executive Officers with our stockholders over the longer term, supports the objectives of long-term value creation, rewards management based on our relative performance compared to our peers and serves as a retention tool for our Named Executive Officers.

*Retention Agreements — Eliminated Single-Trigger Vesting Acceleration; Cash Severance Based Solely on Annual Cash Compensation.* In late 2016, following an ordinary course review of our existing executive compensation arrangements and in connection with the upcoming expiration of the current terms of our existing retention agreements, we entered into retention agreements with each of Messrs. Grimes, Fear and Garrison and Ms. Maggio. The terms of the new retention agreements are summarized below under “Executive Compensation — Retention Agreements” and, among other changes from our prior retention agreements, do not include single-trigger acceleration of vesting of time-based equity awards in connection with a change-in-control (which will apply to future equity awards) and limit cash severance to a multiple of base salary and annual cash incentive compensation as opposed to also including the amount of the long-term equity incentive compensation opportunity.

*Strong Stockholder Support for Executive Compensation.* At our 2016 annual meeting, we received strong support for our say-on-pay vote approving the compensation paid to our named executive officers for 2015. Approximately 91% of the votes cast on the proposal were voted in favor of this proposal. The ECC viewed this result as an indication of stockholders' overall satisfaction with our executive compensation programs.

### **2016 Compensation Program Design**

The primary objectives of our executive compensation programs are: (i) to attract, retain and reward experienced, highly-motivated executives who effectively lead and contribute to our long-term growth and profitability; (ii) to motivate, lead and direct the performance of management with clearly-defined goals and measures of achievement; and (iii) to align the interests of management with the interests of our stockholders. To achieve these objectives, we offer our executives the opportunity to earn a combination of cash and long-term equity-based compensation.

Overall, we designed our executive compensation programs to achieve the objectives described above. In particular, consistent with our objectives, incentive compensation constitutes the majority of our total executive compensation. We also structured our annual cash incentive compensation and a significant majority of our long-term equity incentive compensation to be based on our actual performance compared to pre-established performance goals. The following table summarizes the primary components of our 2016 executive compensation programs for our Named Executive Officers.

<b>Component</b>	<b>Form of Payout</b>	<b>Objective</b>	<b>Characteristic</b>
Base Salary	Cash	Annual base salary compensation to help retain executive level talent	Competitive base salary compensation based on comparative market analysis
Annual Cash Incentive Compensation	Cash	Incentive to achieve annual Company and individual objectives in support of annual performance goals related to corporate/financial performance as well as individual performance	Earned based on the achievement of annual Company goals, including growth in our Same Store EBITDA, Operating FFO per share and Net Debt to Adjusted EBITDA ratio, as well as specific individual performance goals
Long-Term Equity Incentive Compensation	Performance-Based Restricted Stock Units/Time-Based Restricted Stock	Encourage alignment of interests with stockholders and long-term retention of executives and provide an incentive for long-term relative total stockholder return performance compared to peers	Awards vest over a four-year period with (i) 75% earned based on the achievement of relative total stockholder return performance compared to the peer companies in the NAREIT Shopping Center Index over a three-year performance period, with one-third of the shares earned vesting following the performance period and the remaining two-thirds of the shares earned vesting one year thereafter, based on continued employment and (ii) 25% vesting over a four-year period, based on continued employment

Each of these components of our executive compensation is discussed in detail below, including a description of the particular component and how it fits into our overall executive compensation program and a discussion of the amounts of compensation paid to our Named Executive Officers for 2016 under each of these components. In the descriptions below, we highlight particular compensation objectives that are addressed by specific components of our executive compensation program; however, it should be noted that we have designed our compensation programs to complement each other and collectively serve all of our executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation, each component, to a greater or lesser extent, serves each of our objectives.

#### *Base Salary*

We pay our Named Executive Officers a base salary, which we review and determine annually. We believe that a competitive base salary is a necessary component of any compensation program that is designed to attract and retain talented and experienced executives. We also believe that base salaries can motivate and reward executives for their overall performance.

The following table sets forth the 2016 and 2015 annual base salaries for our Named Executive Officers:

<b>Named Executive Officer</b>	<b>2016 Base Salary</b>	<b>2015 Base Salary</b>	<b>Percentage Change</b>
Steven P. Grimes	\$ 850,000	\$ 850,000	—
Heath R. Fear	525,000 (1)	440,000	19%
Shane C. Garrison	590,000	590,000	—
Paula C. Maggio	400,000 (2)	n/a	—
Julie M. Swinehart	275,000 (3)	256,800	7%

- (1) Mr. Fear's base salary was adjusted to \$525,000 per annum, effective July 1, 2016. Mr. Fear's 2016 base salary has been annualized for 2016, based on such increased amount.
- (2) Ms. Maggio joined the Company on May 2, 2016. Ms. Maggio's base salary has been annualized for the full year 2016.
- (3) Ms. Swinehart's base salary was adjusted to \$275,000 per annum, effective July 1, 2016. Ms. Swinehart's 2016 base salary has been annualized for 2016, based on such increased amount.

In determining base salaries and whether they are appropriate, the ECC considers a number of factors on a subjective basis, including, but not limited to, (i) the scope of the Named Executive Officer's responsibilities within the Company; (ii) the experience of the Named Executive Officer within our industry and at the Company; (iii) the performance of the Named Executive Officer and his or her contributions to the Company; (iv) the peer benchmarking of the Named Executive Officer's position, (v) a review of historical compensation information for each Named Executive Officer; (vi) a subjective determination of the compensation needed to motivate and retain that individual, including determinations made with respect to Ms. Maggio in connection with her hiring; and (vii) the recommendations of the Chief Executive Officer when determining base salary for the other Named Executive Officers.

To determine the increase to Mr. Fear's and Ms. Swinehart's base salaries, which became effective July 1, 2016, the ECC reviewed benchmarking data for the Company's 2016 peer group as part of its annual executive compensation review with its compensation consultant, Steven Hall & Partners ("SH&P"). The increases in base salary for Mr. Fear and Ms. Swinehart were made based on a review of competitive market data and to reflect their contributions to the Company.

## *Incentive Compensation*

We award our Named Executive Officers incentive compensation based on pre-established performance goals and target values, which we review and determine annually. We believe that incentive compensation is an essential component of our executive compensation program and it is designed to (i) motivate and direct the performance of management with clearly-defined Company and individual goals and measures of achievement; (ii) further align the interests of our Named Executive Officers with our stockholders over the longer term; (iii) support the objective of long-term value creation; (iv) reward management based on our relative performance compared to our peers; and (v) serve as a retention tool for our Named Executive Officers.

Under our incentive compensation program for 2016, each of our Named Executive Officers (i) was eligible to receive a cash award up to a specified dollar value based on the achievement of pre-established Company and individual goals, (ii) received a grant of performance-based restricted stock units which are earned based on the achievement of relative total stockholder return performance compared to members of the NAREIT Shopping Center Index over a three-year period, other than Ms. Swinehart, who did not receive such a grant in 2016 but will participate in such program in 2017, and (iii) received a grant of restricted stock subject to vesting based on continued employment with us over a four-year period, or a three-year period in the case of Ms. Swinehart.

### *2016 Target Incentive Compensation*

The following table sets forth a summary of the target dollar values of our annual cash incentive compensation and long-term equity incentive compensation for each Named Executive Officer for 2016:

<u>Named Executive Officer</u>	<u>2016 Target Cash Incentive Compensation</u>	<u>2016 Target Long-Term Equity Incentive Compensation</u>	
		<u>Performance-Based Restricted Stock Units</u>	<u>Time-Based Restricted Stock</u>
Steven P. Grimes	\$ 1,250,000	\$ 1,518,750	\$ 506,250
Heath R. Fear	430,000	345,000	115,000
Shane C. Garrison	510,000	787,500	262,500
Paula C. Maggio	325,000	450,000	150,000
Julie M. Swinehart	140,000	—	110,000

In 2016, target incentive compensation represented greater than 75% of the total potential compensation for our Chief Executive Officer, Mr. Grimes, and greater than 60% of the total potential compensation for each of our other Named Executive Officers (other than Ms. Swinehart).

For Messrs. Grimes and Garrison, their 2016 target cash incentive compensation levels were consistent with the levels set for each of them in 2015. For 2016, based on a review of competitive market data provided by SH&P and our desire to compensate at the median of our 2016 peer group, the 2016 target long-term equity incentive compensation for Messrs. Grimes and Garrison was increased. For Mr. Fear, the amount of his 2016 target incentive compensation is consistent with levels set for him in 2015, which were negotiated in connection with his hiring, except for a small increase in his target cash incentive compensation, which was based on a review of competitive market data. For Ms. Maggio, the amount of her 2016 target incentive compensation was negotiated in connection with her hiring in 2016. For Ms. Swinehart, the amount of her 2016 target cash incentive compensation was increased from 2015 based on a review of competitive market data. In 2016, Ms. Swinehart did not receive an award of performance-based restricted stock units, but instead received 100% of her long-term equity incentive compensation in the form of time-based restricted stock, which will vest in three equal annual installments. In 2017, Ms. Swinehart will participate in the Long-Term Equity Incentive Compensation Program that includes both performance-based restricted stock units and time-based restricted stock.

### *Annual Cash Incentive Compensation*

For 2016, each of our Named Executive Officers was eligible to earn cash incentive compensation if and to the extent that pre-established company and individual goals were achieved. The following summarizes the structure of our cash incentive compensation program for 2016 for our Named Executive Officers and the amounts earned by each of our Named Executive Officers pursuant to this program.

#### *2016 Company and Individual Goals*

For 2016, 75% of the target value of our Chief Executive Officer's annual cash incentive compensation opportunity and 60% of the target value for each of our other Named Executive Officers' annual cash incentive compensation opportunity was based on the achievement of Company goals, with the remainder of the cash incentive compensation based on the achievement of individual goals. The following table sets forth the percentage of the target value of our cash incentive compensation for 2016 based on Company and individual goals, respectively, for each Named Executive Officer:

<u>Named Executive Officer</u>	<u>Company Goals</u>			<u>Individual Goals</u>
	<u>Same Store EBITDA Growth</u>	<u>Operating FFO</u>	<u>Net Debt to Adjusted EBITDA</u>	
Steven P. Grimes	45.00%	22.50%	7.50%	25.00%
Heath R. Fear	36.00%	18.00%	6.00%	40.00%
Shane C. Garrison	36.00%	18.00%	6.00%	40.00%
Paula C. Maggio	36.00%	18.00%	6.00%	40.00%
Julie M. Swinehart	36.00%	18.00%	6.00%	40.00%

For 2016, the Company goals were based on (i) growth in our same store EBITDA, (ii) our Operating FFO per share, and (iii) our Net Debt to Adjusted EBITDA ratio. We selected these specific Company goals because (i) growth in our same store EBITDA is the financial metric that we believe most accurately reflects the progress of our operational strategy as we continue to execute on our broader asset repositioning objectives, while also prudently managing corporate level expenses, (ii) our Operating FFO per share is one of the most significant financial measures that we report to investors and use to evaluate our ongoing performance, and (iii) our Net Debt to Adjusted EBITDA ratio is a key financial metric measuring the health of our balance sheet. As each Named Executive Officer's performance contributes to these metrics, we believe that they provide a fair and objective basis on which to evaluate each Named Executive Officer's performance and to determine the majority of each Named Executive Officer's cash incentive compensation.

For each of these Company goals, the ECC established three different levels of performance, "threshold," "target" and "maximum," pursuant to which our Named Executive Officers could earn 50%, 100% or 200%, respectively, of the target amount of the portion of the cash incentive compensation attributable to that Company goal. If performance for a Company goal did not equal or exceed the established threshold level, then our Named Executive Officers were not entitled to receive any of the cash incentive compensation attributable to that Company goal. To the extent performance fell between two of the established levels of performance, the percentage earned was to be determined based on straight-line interpolation between the percentages that would

have been earned for the established levels of performance. The table below sets forth the goals established at each level of performance, actual performance for 2016 and the percentage of target earned for each Company goal:

<b>Company Goal</b>	<b>Threshold (50%)</b>	<b>Target (100%)</b>	<b>Maximum (200%)</b>	<b>2016 Actual</b>	<b>Earned %</b>
Same Store EBITDA Growth (1)	2.5%	3.25%	4.25%	3.76%	151%
Operating FFO Per Share (2)	\$ 1.01	\$ 1.04	\$ 1.10	\$ 1.08 (4)	166.7%
Net Debt to Adjusted EBITDA Ratio (3)	6.5x	6.0x	5.5x	5.6x	180%

- (1) Same store EBITDA is calculated by reducing our publicly reported same store net operating income (NOI) by general and administrative expenses, adjusted to exclude items that the ECC does not believe are representative of our ongoing operating performance. We define NOI as all revenues other than (i) straight-line rental income, (ii) amortization of lease inducements, (iii) amortization of acquired above and below market lease intangibles and (iv) lease termination fee income, less real estate taxes and all operating expenses other than straight-line ground rent expense and amortization of acquired ground lease intangibles, which are non-cash items. For the year ended December 31, 2016, our same store portfolio consisted of 140 retail operating properties acquired or placed in service and stabilized prior to January 1, 2015. Same store EBITDA growth was based on same store EBITDA for the year ended December 31, 2016 as compared to same store EBITDA for the prior year.
- (2) Operating FFO represents funds from operations attributable to common shareholders, or FFO, for the year ended December 31, 2016, excluding the impact of discrete non-operating transactions and other events which we do not consider representative of the comparable operating results of our real estate operating portfolio, which is our core business platform. FFO means net income (loss) computed in accordance with generally accepted accounting principles, excluding gains (or losses) from sales of depreciable real estate, plus depreciation and amortization and impairment charges on depreciable real estate.
- (3) Net Debt to Adjusted EBITDA ratio represents (i) our total notional debt, excluding unamortized premium, discount and capitalized loan fees, less cash and cash equivalents as of December 31, 2016 divided by (ii) Adjusted EBITDA for the three months ended December 31, 2016, annualized. Adjusted EBITDA represents net income attributable to common shareholders before interest, income taxes, depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing performance.
- (4) This differs from our publicly reported Operating FFO per share in that for purposes of measuring our cash incentive compensation, we have excluded the impact of the early adoption of Accounting Standard Update 2017-01, *Business Combinations*, as of October 1, 2016 which resulted in the capitalization of \$725,000 of acquisition costs. Our publicly reported Operating FFO per share for 2016 was \$1.09 per share.

For 2016, the ECC established the following individual goals for our Named Executive Officers:

<b>Named Executive Officer</b>	<b>Individual Goals</b>
Steven P. Grimes	Goals relating to the execution and messaging of our updated strategic plan, including brand building and management of external constituents; the facilitation of executive goals that drive earnings and total return; and support of succession planning.
Heath R. Fear	Goals relating to acquisition analysis; enterprise risk management; financing targets; development processes; investor and analyst communication; and succession planning.

<b>Named Executive Officer</b>	<b>Individual Goals</b>
Shane C. Garrison	Goals relating to the long-term portfolio strategy, including contractual rent growth, annual base rent, blended leasing spreads and leasing plans; execution of key development projects; support of leadership development; and succession planning.
Paula C. Maggio	Goals relating to management of the Company's legal and human resources departments; corporate governance; internal reporting; integration; and operation in accordance with budget.
Julie M. Swinehart	Goals relating to management and oversight of the Company's general and administrative expense; development accounting processes; technical accounting skills; coordination with corporate finance; and succession planning.

For the individual goals, the ECC established three different levels of performance, "meets expectations," "exceeds expectations" and "exceptional," pursuant to which our Named Executive Officers could earn 80%, 100% or 200%, respectively, of the target amount of the portion of the cash incentive compensation attributable to the individual goals. If a Named Executive Officer's performance for the individual goals did not meet expectations, then such Named Executive Officer was not entitled to receive any of the cash incentive compensation attributable to the individual goals. To the extent performance with respect to the individual goals fell between two of the established levels of performance, the percentage earned was to be determined based on straight-line interpolation between the percentages that would have been earned for the established levels of performance. In determining the component of cash incentive compensation awarded to each Named Executive Officer based on individual goals, the ECC assessed the performance of each Named Executive Officer against his or her individual goals and made a subjective determination regarding the level of performance achieved upon which the payout for each Named Executive Officer was based. The ECC determined that Messrs. Grimes, Fear and Garrison and Meses. Maggio and Swinehart each performed at or above the exceeds expectations level in their 2016 individual performance against their established individual objectives.

#### *2016 Cash Incentive Award Amounts*

The following table sets forth the cash incentive award amounts that were paid to each of our Named Executive Officers for 2016 based on the achievement of Company and individual goals as described above.

<b>Named Executive Officer</b>	<b>2016 Cash Incentive Award Amounts (\$)</b>
Steven P. Grimes	\$ 1,878,000
Heath R. Fear	581,000
Shane C. Garrison	740,000
Paula C. Maggio	439,000
Julie M. Swinehart	189,000

#### *Long-Term Equity Incentive Compensation*

For 2016, other than as set forth below, each of our Named Executive Officers received long-term equity incentive compensation awards comprised of performance-based restricted stock units and time-based restricted stock awards with target values as set forth above under "*— 2016 Target Incentive Compensation.*" Ms. Swinehart received only restricted stock awards, subject to vesting in three equal annual installments, and did not receive performance-based restricted stock units for 2016; however, Ms. Swinehart will participate in the performance-based restricted stock unit program in 2017, at which time 50% of her long-term equity compensation award will be comprised of performance-based restricted stock units and 50% of her long-term equity compensation award will be restricted stock.

We designed these awards primarily to (i) further align the interests of our executives with our stockholders over the longer term, (ii) support the objective of long-term value creation and reward our executives based on our relative performance compared to our peers, and (iii) serve as a retention tool for our executives. The following table sets forth the type of awards we granted, weighting (based on percentage of target value) allocated to each award type for each of our Named Executive Officers and vesting terms for our long-term equity incentive compensation for 2016:

<b><u>Award Type for NEOs (other than Ms. Swinehart)</u></b>	<b><u>Weighting</u></b>	<b><u>Vesting Terms</u></b>
Performance-based restricted stock units	75%	Earned based on our relative total stockholder return compared to that of the peer companies in the NAREIT Shopping Center Index over the three-year performance period ending December 31, 2018. One-third of the shares earned will be issued in common stock following the performance period, and two-thirds will be issued in restricted stock that will vest on December 31, 2019, subject to continued employment through such date.
Restricted stock	25%	Vest in four equal annual installments commencing on January 4, 2017, subject to continued employment through such dates.
<b><u>Award Type for Ms. Swinehart</u></b>	<b><u>Weighting</u></b>	<b><u>Vesting Terms</u></b>
Restricted stock	100%	Vest in three equal annual installments commencing on March 1, 2018, subject to continued employment through such dates.

*Performance-Based Restricted Stock Unit Awards*

We granted performance-based restricted stock units to our Named Executive Officers in 2016, other than Ms. Swinehart, for 75% of their long-term equity incentive compensation awards. The performance-based restricted stock units may be earned by our Named Executive Officers based on our relative total stockholder return compared to that of the peer companies in the NAREIT Shopping Center Index over a three-year performance period from January 1, 2016 to December 31, 2018. The number of units that will be earned, as a percentage of the target number of units granted, will be based on the percentile ranking of our total stockholder return over the performance period as compared to the total stockholder return of each of the peer companies that were in the NAREIT Shopping Center Index during the entire performance period, as set forth in the table below. If our total stockholder return performance does not equal or exceed the established threshold level, then our Named Executive Officers will not be entitled to earn any shares pursuant to these performance-based restricted stock units. To the extent performance falls between two of the established levels of performance, the percentage earned will be determined based on straight-line interpolation between the percentages that would have been earned for the established levels of performance.

<b><u>Performance Level</u></b>	<b><u>Relative Performance</u></b>	<b><u>Percentage of Target Earned</u></b>
Maximum	90 <sup>th</sup> Percentile	200%
Target	Median	100%
Threshold	25 <sup>th</sup> Percentile	50%

The performance-based restricted stock units that are earned will be settled in shares of our common stock shortly after the end of the performance period, with one-third of the shares earned vesting upon issuance

and the remaining two-thirds of the shares earned subject to vesting based on continued employment through December 31, 2019. Upon settlement of the performance-based restricted stock units, additional shares of common stock will also be issued in an amount equal to the accumulated value of the dividends that would have been paid during the performance period on the shares of our common stock that are earned pursuant to the performance-based restricted stock units divided by the then-current market price of our common stock.

The following table sets forth the target dollar values of the performance-based restricted stock units granted to each of our Named Executive Officers for 2016 and the target number of units represented by each award:

<u>Named Executive Officer</u>	<u>2016 Target Amounts</u>	
	<u>(\$)</u>	<u>(# of units) (1)</u>
Steven P. Grimes	\$1,518,750	114,521
Heath R. Fear	345,000	26,015
Shane C. Garrison	787,500	59,382
Paula C. Maggio	450,000	23,078
Julie M. Swinehart (2)	—	—

- (1) The target number of units granted to each of our Named Executive Officers was determined based on the target dollar value divided by the estimated grant date fair value per unit using a third-party valuation. Differences in the number of units granted relative to the target dollar amounts is a result of variation in valuation due to a different grant date for Ms. Maggio.
- (2) Ms. Swinehart did not participate in our performance-based restricted stock unit program in 2016. Ms. Swinehart will be a participant in the program in 2017 and will receive 50% of her long-term incentive award in the form of performance-based restricted stock units.

#### *Restricted Stock Awards*

We also granted restricted stock awards to our Named Executive Officers for 2016. Other than for Ms. Swinehart, these awards comprise 25% of their long-term equity incentive compensation awards and vest in four equal annual installments commencing on January 4, 2017, subject to continued employment through such dates. Ms. Swinehart's award comprises 100% of her long-term equity incentive compensation award for 2016 and her award vests in three equal annual installments commencing on March 1, 2018, subject to continued employment through such dates. Ms. Swinehart's restricted stock award for 2016, which was granted in March 2017, was granted in excess of her target award amount as a result of Company and individual performance relative to her established individual objectives exceeding expectations for 2016. The following table sets forth the restricted stock awards granted to each of our Named Executive Officers for 2016.

<u>Named Executive Officer</u>	<u>2016 Restricted Stock Awards</u>	
	<u>(\$)</u>	<u>(# of Shares) (1)</u>
Steven P. Grimes	\$506,250	35,502
Heath R. Fear	115,000	8,065
Shane C. Garrison	262,500	18,409
Paula C. Maggio	150,000	8,972
Julie M. Swinehart	154,000	10,112

- (1) The number of shares granted to each of our Named Executive Officers was determined based on dividing the dollar value by the closing price of our common stock on the grant date, or the day immediately preceding the grant date. Differences in the number of shares granted relative to the dollar value is a result of variation in closing stock price on different grant dates.

### *Retention Agreements*

We realize that consideration of an acquisition by another company or other change-in-control transaction as well as the possibility of an involuntary termination or reduction in responsibility can be a distraction to executives and can cause them to consider alternative employment opportunities. Accordingly, we believe that establishing pre-negotiated severance benefits for certain of our Named Executive Officers helps encourage their continued dedication and further aligns the interests of our Named Executive Officers and our stockholders in the event of a potentially attractive proposed change-in-control transaction following which one or more of our Named Executive Officers may be expected to be terminated. In addition, we believe that retention agreements, which specifically set forth severance terms and conditions that are agreed upon in advance with our Named Executive Officers, make it easier for us to make changes in our senior executive team, if desired, without the need for protracted negotiations over severance.

We have retention agreements with each of our Named Executive Officers, with the exception of Ms. Swinehart. These agreements were entered into in October 2016, following an ordinary course review of our existing executive compensation arrangements and in connection with the upcoming expiration of the current terms of our retention agreements existing at the time. The current term of each of these retention agreements is for three years beginning on October 31, 2016, with automatic two-year renewals thereafter unless written notice of termination is provided by either party. These agreements, among other things, provide for severance payments and benefits to the applicable Named Executive Officer if his or her employment is terminated by us without cause or by our Named Executive Officer for good reason. These agreements also provide for the measurement of performance-based vesting conditions of any outstanding equity awards granted on or after the date of the retention agreements upon the occurrence of a change-in-control, but they do not include single-trigger acceleration of vesting of time-based equity awards in connection with a change-in-control. See “*Executive Compensation — Retention Agreements*” below for a summary of the retention agreements we entered into with certain of our Named Executive Officers.

### *Retirement of Mr. Holland*

On December 16, 2015, Mr. Holland notified us that he would retire on June 30, 2016. Mr. Holland’s annual base salary during 2016 was \$425,000 and his target cash incentive compensation was \$375,000, which was structured in the same manner as the cash incentive compensation awards made to our Named Executive Officers. In addition, prior to his retirement, Mr. Holland received long-term equity incentive compensation awards with a target value of \$400,000, which were comprised of performance-based restricted stock units (with respect to 75% of the target value) and restricted stock (with respect to 25% of the target value) structured in the same manner as the awards received by our Named Executive Officers. Mr. Holland’s base salary, target cash incentive compensation and target long-term equity incentive compensation for 2016 were determined based on the same considerations as those for the same type of compensation received by our Named Executive Officers for 2016. In connection with Mr. Holland’s retirement, the ECC approved the removal of the requirement that Mr. Holland remain employed in order to vest his outstanding shares of restricted stock that would not otherwise automatically vest, subject to his continued employment through June 30, 2016, which resulted in the accelerated vesting of 10,631 shares of restricted stock upon Mr. Holland’s retirement; and Mr. Holland was also awarded a pro-rated bonus for 2016 in the amount of \$90,000. Additionally, Mr. Holland’s retirement caused the acceleration of vesting of his restricted stock awards granted in 2015 and 2016, by their terms, totaling 33,722 shares of common stock of the Company. In accordance with the terms of such awards, Mr. Holland also retained his outstanding performance-based restricted stock units that were granted in 2015 and 2016; however, under the terms of such grants, Mr. Holland will be eligible to earn only a pro-rata amount of such units at such time as the units are otherwise earned under the terms of the grant agreement, based on that portion of the performance period for each award during which Mr. Holland was employed by us.

### *Broad-Based Benefits*

In addition to the compensation programs described above, each of our Named Executive Officers was eligible to participate in the same benefits programs available to all of our employees: health, dental and vision insurance; group term life insurance; short-term and long-term disability coverage and accidental death and dismemberment coverage; a tax-qualified 401(k) plan; and a pre-tax Section 125 cafeteria plan.

### *Stock Ownership Guidelines*

In order to complement our equity incentive compensation program and further align the interests of our Named Executive Officers with those of our stockholders, our Board adopted stock ownership guidelines that apply to our Board of Directors and certain Named Executive Officers. See “*Director and Officer Stock Ownership Guidelines*” below for a summary of these guidelines.

### *Anti-Hedging and Anti-Pledging Policy*

None of our Named Executive Officers has engaged in any hedging transactions with respect to our common stock or pledged any of his or her shares of common stock in us. Additionally, we have formal anti-hedging and anti-pledging policies that prohibit all of our executive officers and directors, including our Named Executive Officers, from engaging in any hedging transactions or pledging any shares of our common stock unless our Audit Committee approves of such transactions.

### *Compensation Consultant Report and Benchmarking*

In connection with the ECC’s review of our executive compensation programs and levels for 2016, it retained compensation consultant SH&P. In July 2015, SH&P prepared a written report for the ECC providing a thorough analysis of our executive compensation programs, including (i) a marketplace review of compensation levels for our then-Named Executive Officers relative to our 12-company peer group and (ii) SH&P’s recommendations regarding the overall design of our executive compensation programs for 2016.

Our peer group for 2016 was the same as our peer group for 2015, which had been developed by SH&P and represented companies with similar businesses and annual revenues and market capitalization comparable to ours, except that it was modified to reflect the acquisition of Glimcher Realty Trust by Washington Prime Group, resulting in a 2016 peer group of 12 retail REITs. This peer group, along with other market data, was used for benchmarking our executive compensation program for fiscal 2016. Our 2016 peer group included the following companies:

Brixmor Property Group, Inc.	Federal Realty Investment Trust	Regency Centers Corporation
CBL & Associates Properties, Inc.	Kimco Realty Corp.	Tanger Factory Outlet Centers, Inc.
DDR Corp.	Macerich Co.	Taubman Centers, Inc.

The 2016 peer group data presented to the ECC included information regarding base salary, annual cash incentives, long-term equity incentives and total annual compensation. For each of these categories, SH&P presented information comparing our compensation to the compensation paid by these companies at the 25th, 50th and 75th percentiles for comparable positions.

In 2016, the ECC engaged SH&P for a similar analysis related to 2017 compensation for our Named Executive Officers, which resulted in mid-year 2016 base salary adjustments for Mr. Fear and Ms. Swinehart and slight adjustments to each of their 2016 target annual cash incentive compensation. In 2016, the ECC also

engaged SH&P to recommend terms of retention agreements for our Named Executive Officers and provide data regarding similar types of arrangements in place at the companies included in our 2016 peer group in connection with the upcoming expiration of the current terms of our retention agreements existing at the time.

#### 2016 Advisory Resolution

At our 2016 annual meeting of stockholders, an advisory resolution approving the compensation paid to our named executive officers for 2015, as disclosed in our proxy statement for the 2016 annual meeting of stockholders, including the Compensation Discussion and Analysis, compensation tables and narrative discussions, was approved by our stockholders, with approximately 91% of the votes cast on the proposal being voted in favor of the proposal to approve such resolution. The ECC has considered the results of this vote and, as a result of the high percentage of votes cast in favor of this proposal, it viewed these results as an indication of stockholders' overall satisfaction with the manner in which we compensated our named executive officers for 2015 and the changes that we had made to our executive compensation programs. Accordingly, in 2016 the ECC did not implement significant changes to our executive compensation programs as a result of the stockholder advisory vote.

#### Executive Compensation Process

For more information regarding our processes and procedures for considering and determining the compensation of our executives, including the role of any executive officers, is described below under “*Executive Compensation — Executive and Director Compensation Process.*”

#### Summary Compensation Table

The following table sets forth information with respect to all compensation paid or earned for services rendered to us by our Named Executive Officers for the years ended December 31, 2016, 2015 and 2014 presented in accordance with SEC rules.

- (1) Amounts reported reflect annual cash incentive awards earned by our Named Executive Officers related to the respective year's performance, which was paid in February of the following year. Additional information regarding our annual cash incentive awards is described above under “*— Compensation Discussion and Analysis.*”

(2) The amounts shown in this column for 2016 include the following:

Name	Company Match to 401(k) Plan (\$)	Accrued Vacation Payout (\$)	Group Term Life Insurance Premiums (a) (\$)	Total (\$)
Steven P. Grimes	2,000	—	966	2,966
Heath R. Fear	2,000	—	533	2,533
Shane C. Garrison	2,000	—	630	2,630
Paula C. Maggio	—	—	263	263
Julie M. Swinehart	2,000	—	248	2,248
Dennis K. Holland	2,000	24,519	1,386	27,905

- (a) Amounts shown are the taxable amount of the premiums for such group life insurance policy.
- (3) Amounts reported in 2016 include the aggregate grant date fair value of performance-based restricted stock units and restricted stock awards granted during the year ended December 31, 2016, each calculated in accordance with FASB ASC Topic 718. The assumptions made when calculating the grant date fair value of the performance-based restricted stock units are found in Note 5 (Equity Compensation Plans) to our Consolidated Financial Statements in Part II, Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2016. Assuming that maximum performance is achieved under the performance-based restricted stock units granted in 2016, the value at the grant date of these performance-based restricted stock units would have been as follows: Mr. Grimes — \$3,037,500; Mr. Fear — \$690,000; Mr. Garrison — \$1,575,000; Ms. Maggio — \$900,000; and Mr. Holland — \$600,000. Ms. Swinehart did not receive an award of performance-based restricted stock units in 2016. The grant date fair value of the restricted stock awards granted during the year ended December 31, 2016 was calculated as the closing price per share of our common stock on the NYSE on the applicable date of grant, or the day preceding the grant date, multiplied by the number of shares granted. The value of awards granted to our Named Executive Officers in 2016 is reflected in the “2016 Grants of Plan-Based Awards” table.
- (4) On December 16, 2015, Mr. Holland notified us that he would retire on June 30, 2016. In connection with his retirement, the ECC approved the removal of the requirement that Mr. Holland remain employed in order for outstanding shares of his restricted stock awards to vest that would not otherwise have automatically vested. Pursuant to this approval, the vesting of 10,631 shares of restricted stock accelerated on June 30, 2016. Accordingly, Mr. Holland’s 2016 stock award also includes \$167,545 representing the incremental fair value related to the modification of these awards.
- (5) Amounts reported in 2015 include the aggregate grant date fair value of performance-based restricted stock units and restricted stock awards granted during the year ended December 31, 2015, each calculated in accordance with FASB ASC Topic 718. The assumptions made when calculating the grant date fair value of the performance-based restricted stock units are found in Note 5 (Equity Compensation Plans) to our Consolidated Financial Statements in Part II, Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2015. The grant date fair value of the restricted stock awards granted during the year ended December 31, 2015 was calculated as the closing price per share of our common stock on the NYSE on the applicable date of grant, or the day preceding the grant date, multiplied by the number of shares granted.
- (6) Represents the aggregate grant date fair value of restricted stock awards granted during the year ending December 31, 2014, calculated as the closing price per share of our common stock on the NYSE on February 20, 2014, multiplied by the number of shares granted.

The actual amounts that were paid are set forth in the “Non-Equity Incentive Plan Compensation” column of the “Summary Compensation Table” above. See also, “— Compensation Discussion and Analysis — Incentive Compensation — Annual Cash Incentive Compensation.”
- (2) Reflects performance-based restricted stock units granted during 2016. See “— Compensation Discussion and Analysis — Incentive Compensation — Long-Term Equity Incentive Compensation — Performance-Based Restricted Stock Unit Awards.”

Grimes, Fear and Garrison and Ms. Maggio are subject to vesting in equal installments on each of January 4, 2017, 2018, 2019 and 2020, subject to continued employment through such dates. The shares granted to Ms. Swinehart are subject to vesting in equal installments on each of February 19, 2017, 2018 and 2019, subject to continued employment through such dates.
- (4) Amounts disclosed in this column for equity awards are computed in accordance with FASB ASC Topic 718.
- (5) Amount represents the incremental fair value of the modification of a portion of Mr. Holland’s restricted stock awards as described in footnote 4 of the Summary Compensation Table above.

## Discussion of Summary Compensation and Grants of Plan-Based Awards Tables

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and the 2016 Grants of Plan-Based Awards Table was paid or awarded, are described above under “— *Compensation Discussion and Analysis.*”

In 2016, we granted restricted stock awards to each of our Named Executive Officers and performance-based restricted stock units to each of our Named Executive Officers, except Ms. Swinehart, pursuant to our 2014 Long-Term Equity Compensation Plan, as described in the 2016 Grants of Plan-Based Awards table. The vesting of each award is subject to acceleration in connection with a change-in-control or certain termination triggering events as described below under “— *Potential Payments Upon Termination or Change-in-Control.*” Generally, we pay dividends to holders of all shares of restricted stock, whether vested or not, at the same rate per share as dividends per share paid to our common stockholders. In connection with the performance-based restricted stock units, if and when earned, additional shares of common stock will also be issued in an amount equal to the accumulated value of the dividends that would have been paid during the performance period on the shares of common stock and restricted stock issued at the end of the performance period divided by the then-current market price of our common stock.

The terms of the retention agreements that we have entered into with our Named Executive Officers are described below under “— *Potential Payments Upon Termination or Change-in-Control.*”

- (j) Represents unvested portion of restricted stock awards granted for 2011, which vested on March 13, 2017.

- (3) Represents performance-based restricted stock unit awards granted in (i) 2015 with respect to the performance period beginning on January 1, 2015 and ending on December 31, 2017 (“2015 Award”) and (ii) 2016 with respect to the performance period beginning on January 1, 2016 and ending on December 31, 2018 (“2016 Award”). Each performance-based restricted stock unit award provides the ability to earn and receive shares after the end of the three-year performance period based on our total

stockholder return over the performance period compared to peers listed in the NAREIT Shopping Center Index, with one-third of the amount earned to be issued in common stock and two-thirds to be issued in restricted stock that will vest one year later, subject to continued employment through such date. For Mr. Holland, the reported amounts are based on the prorated portion of his performance-based restricted stock unit award that he retained following his retirement, which remains subject to the same performance-based vesting conditions as the other grants. Common stock will be issued to Mr. Holland for any portion of his performance-based restricted stock unit award that is earned. If our relative performance for the three-year performance period applicable to these awards continues to be the same as we experienced from the beginning of the performance period through December 31, 2016, our 2015 Awards would have been earned at a level between threshold and target performance and our 2016 Awards would have been earned at target performance. In accordance with SEC rules, our 2015 Award is reflected in the table at target performance and our 2016 Award is reflected in the table at maximum performance.

### Option Exercises and Stock Vested

The following table sets forth the aggregate number of shares of restricted stock that vested in 2016. The value realized on vesting is the product of (1) the closing price per share of our common stock on the NYSE on the vesting date or the date immediately preceding the vesting date (or, if there were no reported sales on such date, the most recent previous date on which sales were reported), multiplied by (2) the number of shares vesting.

### Potential Payments Upon Termination or Change-in-Control

#### *Equity Plan and Award Agreements*

Pursuant to the terms of our 2014 Long-Term Equity Compensation Plan and the applicable award agreements entered into during 2016 and prior thereto, all outstanding unvested shares of restricted stock held by each of our Named Executive Officers will fully vest upon the occurrence of a change-in-control or in the event that our Named Executive Officer's employment is terminated by us without cause or as a result of death or disability. In addition, pursuant to the applicable award agreements for restricted stock granted on or after May 2015, all outstanding unvested shares of such restricted stock held by each of our Named Executive Officers will fully vest in the event that our Named Executive Officer's employment is terminated as a result of his or her retirement. As part of our review of our compensation program design in 2016, we modified our award agreements for the grants of restricted stock made to our Named Executive Officers in 2017 to eliminate acceleration of vesting upon a change-in-control. As a result, acceleration of vesting for these awards will only occur upon termination of employment, as described above, whether before or after a change-in-control.

With respect to the performance-based restricted stock units that we granted to our Named Executive Officers in 2015 and 2016, pursuant to the terms of the applicable award agreements, in the event of a change-in-control prior to the end of the performance period, we will determine the award earned by the Named Executive Officers based on our relative performance through the day prior to the consummation of the

change-in-control, provided that the amount earned will be pro-rated based upon the portion of the performance period that elapsed from the first day of such period through the date of the change-in-control. The amount earned will be settled immediately prior to the consummation of the change-in-control in shares of our common stock and restricted stock. The shares of restricted stock (i.e., two-thirds of each award) will remain subject to vesting based on the applicable Named Executive Officer's continued employment in the same manner as would have applied in the absence of a change-in-control. Additional shares of common stock will also be issued in an amount equal to the accumulated value of the dividends that would have been paid during the performance period through the date of the change-in-control on the shares of common stock and restricted stock that are issued divided by the then-current market price of our common stock.

In the event of a qualified termination by us of a Named Executive Officer prior to the end of any applicable performance period for outstanding performance-based restricted stock units, the Named Executive Officer will be entitled to retain his or her units subject to the same performance-based vesting conditions; provided that the number of units earned will be prorated based upon the period in which such Named Executive Officer was employed during the performance period and all of the shares issued upon settlement of the units earned will be issued in common stock. In the event of a qualified termination by us of a Named Executive Officer after the end of the performance period or after or in connection with a change-in-control, any shares of restricted stock earned by such Named Executive Officer pursuant to the applicable award agreement will fully vest. The term qualified termination is defined in the performance-based restricted stock unit award agreements to mean the termination of employment with us as a result of a Named Executive Officer's death, disability, retirement, termination by us without cause or such Named Executive Officer's resignation for good reason.

The terms cause, good reason, retirement and change-in-control are specifically defined in the applicable award agreements. The term change-in-control is defined in our award agreements to mean (i) any person or group acquiring ownership of more than 50% of our voting stock, (ii) any person or group acquiring 30% or more of our voting stock in any 12-month period, (iii) a change in a majority of the members of the Board during any 12-month period if the new members were not nominated by a majority of the incumbent directors, or (iv) a consummation of any sale, lease, exchange or other transfer of all or substantially all of our assets. For our awards made in 2017, we modified the definition of change-in-control to be consistent with the revised definition in our retention agreements, as described below under "*Retention Agreements.*"

#### *Retention Agreements*

In late 2016, following an ordinary course review of our existing executive compensation arrangements and in connection with the upcoming expiration of the current terms of our retention agreements existing at the time, we entered into retention agreements with each of Messrs. Grimes, Fear and Garrison and Ms. Maggio. The retention agreements for Messrs. Grimes and Garrison replaced their prior retention agreements with us. Changes made from the prior retention agreements include the following provisions of the new retention agreements:

- no single-trigger acceleration of vesting of equity awards that are only subject to vesting conditions based on continued employment in connection with a change-in-control;
- cash severance limited to a multiple of base salary and annual cash incentive compensation as opposed to also including the amount of the long-term equity incentive compensation opportunity;
- cash severance multiples increased and a modified change-in-control definition to more closely align with competitive market practices;
- the length of the term of the agreements; and
- provisions specifically addressing the treatment of performance-based equity awards.

The retention agreements are each for a term of three years beginning on October 31, 2016, with automatic two-year renewals unless written notice of termination is given at least 90 days prior to such date by the Company. Additionally, if a change-in-control occurs or the Company enters into a definitive agreement for a change-in-control during the term, then the term of the agreement will be automatically extended for two years after such date. Generally, under the retention agreements, if the applicable Named Executive Officer is terminated for any reason, he or she will be subject to the following continuing obligations after termination: (i) non-solicitation of our employees for one year and (ii) non-disparagement obligations.

The retention agreements provide for the following payments and benefits to the applicable Named Executive Officer in connection with the termination of his or her employment by us without cause or by such Named Executive Officer for good reason, provided that such Named Executive Officer enters into a general release of claims for our benefit in connection with such termination:

- For Mr. Grimes, a cash payment equal to two times (or, if the termination occurs in connection with or within two years after a change-in-control, three times) the sum of (i) Mr. Grimes' annual base salary at the rate then in effect, without giving effect to any reduction in the base salary rate amounting to good reason and (ii) an amount equal to the greater of (a) Mr. Grimes' target annual cash bonus opportunity or (b) Mr. Grimes' annual cash bonus for the most recent completed year for which an annual cash bonus had been determined;
- For our other applicable Named Executive Officers, a cash payment equal to one and one-half times (or, if the termination occurs in connection with or within two years after a change-in-control, two times) the sum of (i) such Named Executive Officer's annual base salary at the rate then in effect, without giving effect to any reduction in the base salary rate amounting to good reason and (ii) an amount equal to the greater of (a) such Named Executive Officer's target annual cash bonus opportunity or (b) such Named Executive Officer's annual cash bonus for the most recent completed year for which an annual cash bonus had been determined;
- all unpaid annual bonus amounts earned during the year prior to the year in which the termination occurs and a pro-rata cash bonus, at target, for the year in which the termination occurs;
- acceleration of vesting of unvested equity awards that are only subject to vesting conditions based on continued employment;
- retention of outstanding equity awards granted on or after the date the retention agreements were entered into that remain subject to performance-based vesting conditions, with the earning of such awards to be based on achievement of the original performance-based vesting conditions in the same manner as if such termination had not occurred; provided that the portion of each such equity award that is earned will be prorated based on the portion of the performance period that elapsed through the date of termination unless such termination occurred in connection with a change-in-control; and
- continuation of healthcare benefits, or cash payments equal to the premiums for healthcare benefits, for the period of cash severance earned under the retention agreement.

The retention agreements do not include single-trigger acceleration of vesting of equity awards that are only subject to vesting conditions based on continued employment in connection with a change-in-control. Each retention agreement provides that upon a change-in-control, the achievement of the performance-based vesting conditions of any outstanding equity awards granted on or after the date the retention agreement was entered into that remain subject to such vesting conditions will be measured based on performance through the day prior to

the date of the change-in-control using performance metrics that have been prorated, to the extent applicable, to reflect the shortened performance period. Vesting conditions for these awards that are based on continued employment will continue to apply unless accelerated due to a termination of employment or otherwise.

Each retention agreement also provides that upon a termination as a result of death or disability, the applicable Named Executive Officer's outstanding unvested equity awards will be treated in the same manner as they would in the event of a termination by us without cause or termination by such executive for good reason.

The terms cause, resignation for good reason and change-in-control are specifically defined in the retention agreements, with the term change-in-control defined to mean (i) any person or group acquiring 30% or more of our voting stock, (ii) a change in a majority of the members of the Board during any 12-month period if the new members were not nominated by a majority of the incumbent directors, (iii) the consummation of a consolidation or merger resulting in the Company's voting stock representing less than a majority of total voting power immediately after such consolidation or merger, (iv) the consummation of any sale, lease or other transfer of all or substantially all of our assets, or (v) our stockholders approve any plan of liquidation or dissolution.

The following table sets forth potential payments and benefits that would have been provided to our Named Executive Officers upon the occurrence of a change-in-control or certain termination triggering events, assuming such change-in-control or terminating event occurred on December 31, 2016. The closing market price of our common stock on the NYSE on December 30, 2016, the last business day of 2016, was \$15.33 per share.

- (1) The amounts described do not include payments and benefits to the extent they have been earned prior to the termination of employment or are provided on a non-discriminatory basis to salaried employees upon termination of employment. These include:
- Accrued salary and vacation pay;
  - Distribution of plan balances under our 401(k) plan;
  - Life insurance proceeds in the event of death; and
  - Disability insurance payouts in the event of disability.
- (2) In the event that any payments and benefits to be paid or provided to a Named Executive Officer would be subject to “parachute payment” excise taxes under the Internal Revenue Code of 1986, as amended, such Named Executive Officer’s payments and benefits will be reduced to the extent necessary to avoid such excise taxes, but only if such a reduction of pay or benefits would result in a greater after-tax benefit to such Named Executive Officer.
- (3) Benefits continuation amounts are based on the actual expense for financial reporting purposes for covering an employee under the medical plan elected by such Named Executive Officer at the date of termination for the duration of their severance period.
- (4) For all Named Executive Officers, other than Ms. Swinehart, for all awards made prior to 2017, outstanding shares of restricted stock fully vest upon a change-in-control, a Named Executive Officer’s termination upon death or disability or termination by us without cause. Ms. Swinehart’s awards of restricted stock fully vest as a result of termination upon death or disability or termination by us without cause. In 2017, we modified our form of restricted stock grant agreement for future awards to eliminate single-trigger vesting in the event of a change-in-control. In addition, pursuant to the retention agreements we have entered into with each of our Named Executive Officers, with the exception of Ms. Swinehart, outstanding shares of restricted stock will also fully vest upon a termination by any such Named Executive Officer for good reason. As of December 31, 2016, Messrs. Grimes, Fear and Garrison and Meses. Maggio and Swinehart held unvested restricted common stock as follows: Mr. Grimes — 218,515 shares; Mr. Fear — 35,527 shares; Mr. Garrison — 88,486 shares; Ms. Maggio — 8,972 and Ms. Swinehart — 16,784. For purposes of the table above, the value of the equity awards that vest are based on the value of unvested awards set forth in the “Outstanding Equity Awards at Fiscal Year-End 2016” table.

- (5) Does not include any amounts because the performance-based restricted stock units will remain subject to the achievement of performance-based vesting conditions through the end of the performance periods. Any amounts earned would be prorated to reflect the length of service by the Named Executive Officer during the relevant performance period.
- (6) Represents (i) the number of performance-based restricted stock units granted in 2015 and 2016 that would have vested after prorating the number of performance-based restricted stock units based on the length of service by the Named Executive Officer during the relevant performance period, multiplied by \$15.33, which was the closing price of our common stock on the NYSE on December 30, 2016, plus (ii) the value of the shares of common stock that would have been issued to pay the accumulated value of dividends that would have been paid during the performance period on the shares earned.
- (7) Represents (i) the number of performance-based restricted stock units granted in 2015 and 2016 that would have vested after prorating the number of performance-based restricted stock units based on the truncated performance period, multiplied by \$15.33, which was the closing price of our common stock on the NYSE on December 30, 2016, plus (ii) the value of the shares of common stock that would have been issued to pay the accumulated value of dividends that would have been paid during the performance period on the shares earned. Does not include the portion of the performance-based restricted stock units granted in 2015 and 2016, which represents two-thirds of each award, that would have vested but for the fact that such units remain subject to continued employment requirements through the end of the original performance period in order to vest.

None of the Named Executive Officers were eligible for retirement, as defined in the applicable award agreements, as of December 31, 2016. Retirement is defined to mean resignation from the employment with us on or after the date that (i) the Named Executive Officer is at least 50 years old and the sum of his age and his years of employment with us is 70 or greater; (ii) the Named Executive Officer provides written notice to us at least 90 days prior to the anticipated resignation date; and (iii) the Named Executive Officer continues to work for us through the anticipated resignation date. If the Named Executive Officers had been eligible for retirement and had retired as of December 31, 2016, each Named Executive Officer, other than Ms. Swinehart, would have been entitled to accelerated vesting of the restricted stock awards granted in 2015 and thereafter, and as of December 31, 2016, based on the \$15.33 closing price of our common stock on the NYSE on December 30, 2016, the Named Executive Officers would have received the following amounts: Mr. Grimes — \$2,691,335; Mr. Fear — \$544,629; Mr. Garrison — \$1,102,794; and Ms. Maggio — \$137,541. Ms. Swinehart's restricted stock award agreements did not provide for accelerated vesting upon retirement.

### **Compensation Risks**

The ECC monitors our compensation policies and practices for our employees to determine whether they encourage unnecessary or excessive risk-taking. Due to the greater emphasis placed on incentive compensation at higher levels of the organization, and the fact that these individuals are more likely to make decisions that impact corporate performance and could have a material adverse effect on us, the ECC primarily focuses on our executive compensation policies and practices. We believe that risks arising from our policies and practices for compensating employees are not reasonably likely to have a material adverse effect on us primarily because of the following reasons:

- there are downside risks associated with pursuing poor business strategies or strategic alternatives, including failure to meet goals under our incentive compensation program and decline in value of shares of restricted stock and performance-based restricted stock units previously granted under our incentive compensation program that are subject to various vesting requirements;
- our executive compensation program has a significant focus on long-term equity compensation;

- the goals for our incentive compensation program are aligned with long-term performance metrics, reflect a balanced mix of individual and company goals aligned with our strategic objectives, are both quantitative and qualitative and provide a comprehensive framework for assessing performance;
- short-term or annual incentive compensation opportunities are capped and therefore do not incentivize employees to maximize short-term performance at the expense of long-term performance;
- our compensation levels and opportunities are in keeping with appropriate competitive practice; and
- our executives and directors are expected to maintain an ownership interest in us, which creates an alignment of their interests with those of our stockholders.

### **Executive and Director Compensation Process**

Overall, the ECC is responsible for determining and approving the compensation of all of our executive officers; provided that all equity awards to be granted are also subject to the approval of the Board. The Board is responsible for approving the compensation of our non-employee directors; provided that the ECC may make recommendations to the Board with respect to non-employee director compensation.

The ECC typically meets several times each year in connection with the consideration and determination of executive compensation. Historically, most actions of the ECC have occurred at regular meetings scheduled well in advance by the ECC; however, the ECC may hold special meetings or take actions by written consent as they deem appropriate. Specific meeting agendas are prepared by the chair of the ECC and our Chief Executive Officer, although they reflect the direction of the full ECC. Matters to be acted on by written consent may relate to matters that have been previously discussed and/or are summarized by our Chief Executive Officer, a consultant engaged by the ECC or other advisor to us or the ECC.

For 2016, our Chief Executive Officer made recommendations to the ECC regarding base salaries and the target amounts, structure and goals for our incentive compensation program, provided detailed information to the ECC regarding the performance of our other Named Executive Officers during 2016 and made recommendations regarding payouts under our incentive compensation program. In addition, our Chief Executive Officer provided the ECC with the financial and other information necessary to determine whether the company goals and each Named Executive Officer's individual goals with respect to annual cash incentive awards had been achieved.

As noted above in "*Compensation Discussion and Analysis*," the ECC engaged SH&P to assist them in conducting a comprehensive review of our executive compensation programs and levels. In July 2015, SH&P prepared a written report providing a thorough analysis of our executive compensation programs related to 2016 compensation, including (i) a marketplace review of compensation levels for our Named Executive Officers relative to our 2016 peer group and (ii) SH&P's recommendations regarding the overall design of our executive compensation program for 2016. This report and the ECC's consultations with SH&P primarily related to and were used for purposes of structuring 2016 executive compensation. In 2016, the ECC also engaged SH&P to recommend terms of retention agreements for our Named Executive Officers, provide data regarding similar types of arrangements in place at the companies included in our 2016 peer group in connection with the upcoming expiration of the current terms of our retention agreements existing at the time and to provide a marketplace review of compensation levels for 2017 for our Named Executive Officers, relative to our 2016 peer group. The ECC retained direct responsibility for the appointment, compensation and oversight of the work of SH&P, and instructed SH&P to report directly to the ECC. We have concluded that the work of SH&P did not raise any conflict of interest.

The ECC and, with respect to equity awards, the independent members of the Board ultimately made all determinations regarding compensation payable to our Named Executive Officers and the terms of their retention agreements, as applicable.

The Board and the ECC review our director compensation on an annual basis. The Board is responsible for approving the compensation of our non-employee directors; provided that the ECC may make recommendations to the Board with respect to non-employee director compensation. Additionally, our Chief Executive Officer may also make recommendations or assist the ECC in making recommendations regarding director compensation. In 2015, the ECC engaged SH&P to perform a comprehensive review of our director compensation and make recommendations for our future director compensation; the results of this review and recommendations were used in determining director compensation for 2016.

**Director and Officer Stock Ownership Guidelines**

The Board believes it is important to align the interests of the directors and our Chief Executive Officer and certain of our other executive officers with those of our stockholders and for directors and our Chief Executive Officer and certain of our other executive officers to hold equity ownership positions in us. Accordingly, we have established stock ownership guidelines pursuant to which each of the following persons is expected to own an aggregate number of shares of common stock, restricted stock or phantom shares in us, whether vested or not, with the following aggregate market values:

<u>Position</u>	<u>Equity Ownership Guideline</u>
Non-employee director	\$ 375,000
Chief Executive Officer	5x annual base salary
Chief Operating Officer and Chief Investment Officer, Chief Financial Officer and General Counsel	3x annual base salary

Our non-employee directors, Chief Executive Officer and certain of our other executive officers are expected to gain compliance with these ownership guidelines by the later of (1) the end of the fifth full fiscal year following the year in which he or she was initially elected as a director or appointed as a director, the Chief Executive Officer or as a certain executive officer or (2) December 31, 2017. Thereafter, compliance with these ownership guidelines will be measured at the end of each fiscal year.

For purposes of these ownership guidelines, the value of shares of common stock, restricted stock and phantom shares shall be the greater of the market price of an equivalent number of shares of our Class A common stock (1) on the date of purchase or grant of such shares or (2) as of the date compliance with these ownership guidelines is measured.

Any director who is prohibited by law or by applicable regulation of his or her employer from owning equity in us shall be exempt from this requirement. For directors who are employed by or otherwise are affiliated with a stockholder of us, the shares owned by the affiliated entity are attributed to the director for purposes of these ownership guidelines. Our NCG Committee may consider whether exceptions should be made for any director on whom this requirement could impose a financial hardship.

**Executive Compensation Committee Report**

The ECC has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the ECC recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

## **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

The Company has a Related Person Transaction Approval and Disclosure Policy for the review, approval or ratification of any related person transaction. This written policy provides that all related person transactions must be reviewed and approved by a majority of the disinterested directors on the Board in advance of us or any of our subsidiaries entering into the transaction; provided that, if we or any of our subsidiaries enter into a transaction without recognizing that such transaction constitutes a related person transaction, the approval requirement will be satisfied if such transaction is ratified by a majority of the disinterested directors on the Board promptly after we recognize that such transaction constituted a related person transaction. Disinterested directors are directors that do not have a personal financial interest in the transaction that is adverse to our financial interest or that of our stockholders. The term “related person transaction” refers to a transaction required to be disclosed by us pursuant to Item 404 of Regulation S-K (or any successor provision) promulgated by the SEC. This policy is in addition to, and not a substitute of, any other policy of the Company relating to approval of conflict of interest transactions.

During 2016, Mr. Jason Garrison, the brother of Mr. Shane Garrison, our Executive Vice President, Chief Operating Officer and Chief Investment Officer, a Named Executive Officer, was employed by the Company in the capacity of Assistant Vice President, Operations. For 2016, Mr. Jason Garrison’s total compensation earned was \$124,509. This transaction was approved in accordance with our Related Person Transaction Approval and Disclosure Policy.

#### **SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC and the NYSE. Officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on our review of the copies of such reports furnished to us and written representations that no other reports were required during the fiscal year ended December 31, 2016, all Section 16(a) filing requirements applicable to our executive officers, directors and greater than 10% beneficial owners were timely satisfied.

#### **PROPOSAL 2 — ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION**

Section 14A(a)(1) of the Exchange Act generally requires each public company to include in its proxy statement an advisory resolution subject to a non-binding stockholder vote to approve the compensation of the Company's named executive officers, as disclosed in its proxy statement pursuant to Item 402 of Regulation S-K, not less frequently than once every three years.

At our 2011 annual meeting of stockholders, we asked our stockholders to select the frequency with which to hold future advisory votes on the compensation of our named executive officers. A majority of the votes cast on the frequency proposal selected an annual vote. Accordingly, we currently intend to conduct an annual

stockholder advisory vote on executive compensation in accordance with the stockholders' vote on the frequency of executive compensation until the next required advisory vote on the frequency of holding the non-binding, advisory vote on executive compensation, which will occur at the Annual Meeting.

Therefore, we ask stockholders to vote "FOR" the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed in this proxy statement for the 2017 Annual Meeting, including the Compensation Discussion and Analysis, compensation tables and narrative discussions, be, and it hereby is, APPROVED.

The Board recommends a vote FOR this resolution.

We urge stockholders to read the section of this proxy statement captioned "Executive Compensation," including the Compensation Discussion and Analysis, related compensation tables and narrative discussions contained therein, which provide detailed information on the Company's compensation policies and practices and the compensation of our Named Executive Officers.

The advisory resolution is non-binding on the Board; however, the Board and the ECC will review and consider the voting results when evaluating the executive compensation program for 2017 and future years.

#### **Vote Required**

The affirmative vote of a majority of the votes cast is required to approve the advisory resolution on executive compensation. Abstentions and broker non-votes, if any, will have no effect on the outcome of this matter.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION.

#### **PROPOSAL 3 — ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION**

Section 14A(a)(2) of the Exchange Act enables stockholders to vote on a non-binding advisory basis on how frequently the Company will submit "say-on-pay" proposals, similar to Proposal 2, to stockholders in the future. Stockholders may vote for a frequency of every year ("1 YEAR" on the proxy card), every two years ("2 YEARS" on the proxy card) or every three years ("3 YEARS" on the proxy card), or may abstain. The Board believes that, of the three alternative frequencies, submitting a non-binding, advisory say-on-pay resolution to stockholders every year is preferable. An annual vote will provide the Company with clearer feedback regarding the compensation of our named executive officers and is consistent with the frequency that was approved at our 2011 annual meeting of stockholders and that we have been following since 2011. The administrative process of submitting a non-binding, advisory say-on-pay resolution to stockholders on an annual basis is not expected to impose any substantial additional costs on the Company.

The advisory vote is non-binding on the Board; however, the Board does intend to take the results of the vote on this proposal into account in its decision regarding the frequency with which the Company submits say-on-pay proposals in the future.

#### **Vote Required**

In order for any of the three alternative frequencies to be approved, it must receive a majority of the votes cast on this proposal. In the event that no option receives a majority of the votes cast, we will consider the option that receives the most votes to be the option selected by the stockholders. Abstentions and broker non-votes, if any, will have no effect on the outcome of this matter.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR A FREQUENCY OF EVERY YEAR AS THE FREQUENCY FOR FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION.

**PROPOSAL 4 — APPROVAL OF AN AMENDMENT TO THE COMPANY’S BYLAWS**

We are asking our stockholders to approve an amendment to the Company’s bylaws to allow the Company’s bylaws to be amended by the affirmative vote of a majority of all votes entitled to be cast by the stockholders of the issued and outstanding shares of common stock of the Company at a meeting of stockholders duly called and at which a quorum is present (the “Bylaw Amendment”). Currently, as permitted by the Maryland General Corporate Law (the “MGCL”), our bylaws provide that, with the exception of provisions in our bylaws relating to the business combination and control share provisions of the MGCL and amendments to our bylaws, which provisions may not be amended without stockholder approval, the Board has the exclusive power to alter, amend or repeal our bylaws. A copy of the proposed amendment to the Company’s bylaws is attached as Appendix A to this proxy statement and incorporated by reference into this proposal.

**Vote Required**

The affirmative vote of a majority of the votes cast is required to approve the Bylaw Amendment. Abstentions and broker non-votes, if any, will have no effect on the outcome of this matter.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE BYLAW AMENDMENT.

**PROPOSAL 5 — RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Deloitte & Touche LLP, or Deloitte, as our independent registered public accounting firm to perform the audit of our financial statements and our internal control over financial reporting for the calendar year 2017. Deloitte has audited our financial statements since 2009. The Board recommends that the stockholders ratify the Company’s selection of Deloitte as our independent registered public accounting firm. Although ratification by stockholders is not required by law or by our bylaws, the Board believes that the submission of its selection to stockholders is a matter of good corporate governance. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders. If the selection is not ratified, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its next selection of independent auditors. One or more representatives of Deloitte are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

**Principal Accounting Fees and Services**

The following table sets forth the fees for professional audit services rendered for the audits of our annual financial statements by Deloitte and fees for other services rendered by them:

	<u>2016</u>	<u>2015</u>
Audit Fees (1)	\$1,338,366	\$1,406,825
Audit-Related Fees (2)	—	115,000
All Other Fees (3)	81,663	—
Tax Fees (4)	<u>171,010</u>	<u>189,095</u>
Total Fees	\$1,591,039	\$1,710,920

- (1) Audit fees include the (i) financial statement audit, (ii) audit of internal controls over financial reporting and (iii) the issuance of independent registered public accounting firm consents and comfort letters.
- (2) Audit-related fees in 2015 relate to stand-alone reporting requirements for a consolidated subsidiary. Such stand-alone reporting was not required in 2016.
- (3) All other fees include services related to our enterprise risk management framework.
- (4) Tax fees primarily consist of fees for the review of federal and state income tax returns.

The Audit Committee reviews and approves in advance the terms of and compensation for both audit and non-audit services. As stated in our Audit Committee charter, the Audit Committee pre-approves all auditing services and the terms thereof (which may include providing comfort letters in connection with securities underwritings) and non-audit services (other than non-audit services prohibited under Section 10A(g) of the Exchange Act or the applicable rules of the SEC or the PCAOB to be provided to the Company by its independent auditors). The pre-approval requirement may be waived with respect to the provision of non-audit services for the Company if the “de minimus” provisions of Section 10A(i)(1)(B) of the Exchange Act are satisfied. This authority to pre-approve all auditing services and the terms thereof and all non-audit services may be delegated to one or more members of the Audit Committee, provided all decisions to pre-approve an activity are required to be presented to the full Audit Committee at its first meeting following such decision.

The Audit Committee pre-approved 100% of the fees described above and none of the services described above were approved pursuant to Rule 2-01(c)(7)(i)(c) of Regulation S-X, which relates to circumstances where the Audit Committee pre-approval requirement is waived.

#### **Vote Required**

The affirmative vote of a majority of the votes cast is required to ratify the selection of Deloitte as our independent registered public accounting firm. Abstentions and broker non-votes, if any, will have no effect on the outcome of this matter.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE SELECTION OF DELOITTE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.
